May 2022 U.S. Federal Funding Opportunities

U.S. Federal Funding Opportunities (FFO) is a monthly resource that summarizes awards, grants, and fellowship opportunities issued by the U.S. government related to research, evaluation and dissemination. These funding opportunities are relevant to the field of child development and, more broadly, behavioral and social science research.

Highlights -

The May 2022 FFO lists over 100 funding opportunities for research, evaluation, and dissemination, including multiple highlighted funding opportunities.

(1) **Grant to Conduct Secondary Data Analysis Evaluating Career Pathways Programs:** An Administration for Children and Families (ACF) funding opportunity to support rigorous, policy-relevant secondary analysis of existing data sets to add to the body of knowledge and gain a deeper understanding of the implementation and effectiveness of career pathways programs. Applications are due by June 27, 2022.

(2) **Grant to Establish a National Center for Disability, Equity, and Intersectionality:** An Administration for Community Living (ACL) funding opportunity to create and maintain a national resource center on disability, equity, and intersectionality to build the capacity of communities across the nation to be more inclusive and culturally competent towards individuals with disabilities. Applications are due by June 27, 2022.

(3) **Grant to Support a Neonatal Research Network Data Coordinating Center:** A *Eunice Kennedy Shriver* National Institute of Child Health and Human Development (NICHD) funding opportunity for a Data Coordinating Center that will participate in the Neonatal Research Network (NRN), which ultimately aims to improve healthcare and outcomes for newborns. Applications are due by August 11, 2022.
