Call for Submissions: Early Career Fellowship

The Mindset Scholars Network and the University of Texas at Austin's Population Research Center invite applications to join a year-long research fellowship network, funded with generous support from the Bezos Family Foundation. The goal of the fellowship is to provide early career scholars with the opportunity to use the newly available National Study of Learning Mindsets (NSLM) survey and administrative data to investigate questions in education, as well as publish peer-reviewed journal articles, and build a network of interdisciplinary colleagues.

Deadline: Tuesday, July 31, 2018 at 11:59 p.m. ET.

To access the application and find out more details about the data, eligibility, key dates, and activities, visit the Mindset Scholars Network Early Career Fellowship site.
