Call For Abstracts: Digital Media and Developing Minds

This year, Children and Screens and Cold Spring Harbor Laboratory are holding the 2nd national Digital Media and Developing Minds Congress, October 15-18, 2018 at Cold Spring Harbor Laboratory in Cold Spring Harbor, New York. This conference aims to foster fruitful interaction to and collaboration between researchers, clinicians and educators. Speakers and panelists will evaluate the current state of scientific knowledge regarding how digital media influence child development at multiple ages and stages; outline directions for future study, and recommend interventions and solutions.

Location: Cold Spring Harbor Laboratory, Long Island, NY

Dates: October 15-18, 2018

Abstracts Deadline: July 27, 2018

To register or to submit abstracts, please visit the Digital Media and Developing Minds Congress website. For questions or for more information, contact: info@childrenandscreens.org.
