Workshop: "Monitoring the Future" Data User Training Workshop

May 20-22, 2019, University of Michigan, Ann Arbor

This free workshop will introduce participants to cross-sectional data (public-use and restricted-use) and the restricted-use longitudinal panel data from the Monitoring the Future project, a long-term study of the behaviors, attitudes, and values of American secondary school students, college students, and young adults. The workshop is designed for researchers who have an interest in using MTF restricted-use data.
Applications are due Friday, April 5, 2019.
