Global Mental health Assessment Database (GMhAD) launch

We are pleased to announce the launch of the GLOBAL MENTAL HEALTH ASSESSMENT DATABASE (GMhAD), an open toolkit for global mental health assessment tools for use in low-and-middle-income-countries.

SHARE YOUR TOOL

Have you adapted, developed, and/or validated a mental health assessment tool in a low- or middle-income country? Please submit information about your tool to our database!

SEARCH FOR A TOOL

Are you looking for an adapted, locally developed, and/or validated mental health assessment tool to use in a low- or middle-income country? Use the search tool to identify assessment tools that meet your needs.
