Twitter Chat on Reproducibility in Science

How can researchers, institutions, funders, and other stakeholders promote and encourage reproducibility in science?

In advance of their 9/24 symposium and 9/25-26 workshop on issues of reproducibility and replication in scientific research, the National Academies would like to hear your thoughts on ways that stakeholders can promote and encourage reproducibility in science.

Join us them for a #ReproducibilityChat on September 16 from 1:00 to 2:00 p.m. ET.

Make your voice heard by using the hashtag #ReproducibilityChat. Click the button below to register:
