Science-Based Innovation Training Opportunity – Harvard Center on the Developing Child

Posted on behalf of the Center on the Developing Child at Harvard University

Date: Monday, November 18, 2019
Time: 9:00 am - 5:00 pm ET
Location: Cambridge, Massachusetts, USA

Want to discover how to apply the science of early childhood development to programs for children and families in a new way that results in powerful change? **Join Harvard University's Center on the Developing Child for their next one-day training on November 18th in Cambridge, MA!** You'll receive an introduction to the **IDEAS Impact Framework™**, our approach to innovative program development and evaluation, and learn:

- How to develop a precise **theory of change**
- How to create **materials** that will ensure effective implementation of your program
- How to **evaluate** your program for continuous learning

This is also a great opportunity to meet Center staff and Frontiers of Innovation leaders, and to connect with others who are passionate about supporting the healthy development of all children.

Questions? Please contact Jessica Nelson at developingchild_foi@harvard.edu.
